サボリーノ
Saborino

Get beauty without the hassle with Saborino, a line designed for women who wants to get through their beauty routine as quickly as possible.

Saborino face and hair care items are perfect on busy mornings—especially Saborino MORNING FACIAL SHEET MASK that clean, nourish, and create a moisturizing base in just 60 seconds!

Saborino

In Japanese, the word “Saboru” means “Skip your routine”

Every working women want to skip morning routine, but want to be pretty.

BCL Saborino Morning Mask is a special care face mask that perform 3 functions at once. They are cleansing, toning (moisturizing), and primer (base).

They are designed to be used in 60 seconds to complete skin care. It helps to tighten your skin, also make it easier to put on make up.

Contains natural pleasant fruity scent, removes keratin and moisturize skin.

Whether they're on the clock or on vacation, girls are always busy keeping up with their beauty! Saborino is a time saving cosmetic brand that supports girls who "want to *saboru* (be lazy) but stay beautiful!"

Saborino supports contemporary girls in their busy lives.

The background of the slide features a soft-focus image of Momo Puri skincare products. In the center, two small pink bottles and two larger pink boxes are arranged on a light pink, peach-shaped pedestal. The boxes are labeled '桃セラミド' (Peach Ceramide) and 'momo puri'. The background is a light teal color with large, faint peach shapes. The brand name 'momo puri' is displayed in a white box in the top left corner.

momo
puri

“もも (Momo)” means “Peach”

Momo Puri adds a new idea to skincare with the combination of lactic acid (Lactobacillus E-12 strain) and Japanese peach ceramides.

- **Lactic acid helps to reduce acne breakouts, minimize the appearance of fine lines and wrinkles by gently exfoliating the skins.**
- **Japanese peach ceramides add moisture to the skin to plump and smooth. Peach extract also revives the complexion, bringing life back to dull skin**

AHA

クレンジングリサーチ

AHA Cleansing Research

- AHA Cleansing research wash is AHA formulated
 - Alpha-hydroxy acid (AHAs) represents acids derived from a natural substance like sugar cane, milk, almonds, or grapes.
 - They work by breaking down the glue holding your skin cell together, urging along the skin's natural shedding process
 - AHA is also good for dry skin. It is made up of molecules that love water, and it helps improve the skin's moisture content.
 - AHAs are primarily used to exfoliate. They can also help:
 - ✓ Correct discoloration from scars and age spots
 - ✓ Improve appearance of surface line and wrinkles
 - ✓ Prevents acne breakout
 - ✓ Brighten your complexion
 - ✓ Increase product absorption

AHA Cleansing Research

- AHA Cleansing Research Wash is a 3 in 1 facial wash:
 - Makeup remover
 - Cleanser
 - Moisturizer
- This face wash featuring AHA and an enzymes-massage effects removes not only impurities deep inside of the pores, but also make up.
- The product is designed to massage and support skin and dig out dirt from pores & brightening up the color of skin
- Fragrance: Light Apple Scent
